Dedicated to fishing in and around Collier County.

President's Message

Peter Arcidiacono 394-1136 peterarchie@comcast.net
www.MarcoSportfishingClub.com

WELCOME BACK to all our members who are returning from their summer get-a-ways. It's great to see you again! Hopefully you will find the events and speakers that we have planned over the next few months interesting and fun.

Last month we had a cast net demonstration. Lots of people attended, lots of people tried. Hence, we will have another demonstration later during the season. A special thanks goes to cast net demonstrators, Capt Mike from "Pro-Fish-In-Sea" and Jared from Sunshine Ace Hardware. Not only did Sunshine Ace Hardware donate their time, but they donated the cast net they were using in the demonstration to our raffle, which is an eighty dollar value.

Something else is new. As you know we have not had great participation with our gulf fishing trips, therefore we have not given the \$25 dollar award for the largest fish for a while. So, starting in November we will give an award for the largest fish caught in a specific species. Each month the species will be different. The award will be given out at the next general meeting. The award may come as a gift certificate or a check. We intend on mixing it up. In case of a tie the award will go to the first fish caught and reported. You can monitor the progress on the website throughout the month. Your catch should be called into Dave "Seaweed" or emailed to him (see cover of newsletter for number and email). THE FISH FOR NOVEMBER IS **LANE SNAPPER**. Start

fishing for them NOVEMBER 1st. Good luck to all. Remember pictures will be appreciated.

This time of year we start looking for candidates to join our board and help us make this an even better fishing club. Please step forward and let us know of your interest. We can always use good people.

The November meeting will be a clinic with knots, rigs, jigs, equipment etc. ***It will start at 6:30 PM.*** Don't miss this one! In December we are going to have guide Capt Ken Chambers tell us where all the fish are and how to catch them in the backwater.

We are planning a big, new and experienced equipment sale called "DEAL OR NO DEAL". This will be held at the February meeting, so gather your stuff, sign up for a table and get ready to deal. Not only will we have our members selling, but, we are on the hunt for outside vendors willing to offer us fishing equipment at a savings. As additional information comes in I will broadcast the updates via email.

Your comments on how things are going is always appreciated. This is your club and your board wants to make it better. Get involved.

Shrimp have feelings too! Catch'm up. PeterA

MSC Upcoming Events

Pete Arcidiacono 394-1136 and Nate Broder 394-2394

WANTED: Old fishing lures. Call 821-0369

LURES REFURBISHED. Free estimates. Call 821-0369

SEAWEED SEZ:

When fish are really hitting or it's hot & humid out, that is not the time to start fumbling around trying to tie a decent rig. Spend more time fishing less time tying! Before your next outing have at least a dozen rigs or leaders pre made before you go. Relax, take your time & enjoy yourself; this is another side of fishing. You will tie a much better rig. When a fish breaks off or you lose a rig on structure just pull out a ready made rig & tie it on..

EDITORS NOTE: For Sale items are printed for one month only. They are not automatically reprinted. We would be happy to run yours again. Just email your request to asegal1519@cs.com.
