

# Buddy List

## Initial announcement October 2009

A buddy list is being formed. The purpose of the list is to find members who don't have a boat or otherwise want to fish on another member's boat for a change of pace. The list also seeks to find people who are willing to take others out on their boat. The list will be maintained by Joe Perino Marco # 239 389-2781, NY # 631 581-5370 email [rivpress@aol.com](mailto:rivpress@aol.com)

When sending information please put **"buddy list"** in the heading line (so I know that it is not spam) and state:

1. If you have a boat or just need a ride or both.
2. If you prefer backwater or Gulf or both
3. If you are interested in Charters

Upon receiving your information your name will be added to the website and you will receive a list of the email addresses of the other members on the list. Your email address will not be published on the website. Email will be the primary means of contact. Any questions send me an email.

**NOTE: Fishing on small boats is a physically demanding activity.** Guests must be able to get on and off the boat without assistance, move about the boat under rough sea conditions, and handle boat chores like hauling anchor and boat cleanup.
